

Here are instructions on how to navigate A Baseline View. Some of you may have already mastered this navigation but others might struggle. Here is an explanation of the links.

HOME – No matter where you are at on the website, you can click this link and return to the home page.

ARCHIVES – This link will take you to the page where you can find the archived stories from previous seasons of ABV. They go back to 2002-03 and every season since. I lost the first five seasons of ABV in my home fire.

AD RATES – This is the page where you get information on how to run advertising on my website.

EMAIL – Click on this link to send me correspondence via electronic mail.

THE TEAMS – This page takes you to the conferences and independent teams covered by ABV. This is where each team's home page can be found. Find the conference in which the team is a member of and click on that link. You can find a link for that team on the conference page.

RANKINGS – This is the spot where my preseason rankings and updated rankings can be found. The updates happen each week after January 1st.

SCOREBOARD – This very important page is where you can find all of the scores of the teams that are part of the ABV area. I gather these scores and post them each night that the games are played.

SHOOTOUTS – This is the spot you will find all of the shootouts involving ABV teams. The schedules and scores are updated daily. Same as the SCOREBOARD page.

STANDINGS – Similar to the TEAMS page, this page is sorted by conference. Click on the conference to find the standings. These pages are also updated daily during the season.

TOURNAMENTS – This pages has links to all of the tournaments where ABV teams are playing. These pages are also updated daily during the season.

I hope this helps your ABV experience.
